12V-2x6 Side Stackup  
F - 12V / Signal  
In1 - GND  
In2 - 12V / 5V  
In3 - GND  
In4 - 12V / 5V  
B - GND

MCU Side Stackup  
F - Signal  
In1 - GND  
In2 - 5V  
In3 - GND  
In4 - 3.3V  
B - Signal

2oz copper on 1.6mm  
Default track width 10mil/0.254mm  
Default spacing 0.2mm  
Vias 0.6mm/0.3mm & to be filled and capped

GND via stitching around 12V areas is for heat transfer  
GND via stitching in 12V areas is for current+heat transfer
